Cordially Invites You for

“World Radiography Day”

On 8th November 2023

Will Preside by

Dr. D. Suresh,
Dean, Occupational Therapy

Felicitat ion by

Dr. A. Sundhararajan
Vice Principal – AHS

Theme: **“Frontiers in Radiography”**

Date : 08.11.2023

Time : 12pm-1pm

Venue : Lecture Hall – 6

Program Schedule

Inauguration	12.00pm-1.00pm
Welcome Address	Ms. Sushmitha <i>Tutor AHS</i>
Address by the Presider & Felicitators	Dr. S. Suresh <i>Dean – Occupational Therapy</i>
	Dr. A. Sundhararjan <i>Vice Principal – Allied Health Science</i>
Vote of Thanks	Mr. S. Ramesh Krishnan <i>Tutor/RSO SRMIST-AHS</i>
Students Visit	2.15pm - 4.00pm

College of Allied Health Sciences

About the program

The “*World Radiography Day*” program was conducted on November 8th, 2023, organized by, the *Department of Medical Imaging Technology*, College of Allied Health Sciences, Faculty of Medicine and Health Sciences, SRM Institute of Science & Technology, Tiruchirappalli campus.

The off-Stage Intercollege competitions were conducted on November 7th 2023, such as pencil art & poster competition, students from various departments of AHS of around 50 students actively participated in the event and displayed their chart works, Vice principal & all faculties of AHS had a active participation of the student work and testified their skills of their presentation, first three positions of each competition were selected.

The Theme of the World Radiography Day was “*Frontier in Radiography*”. The students of MIT were into 6 teams. Each team was comprised of 4 students and divided by the class advisor and they had specific topics & and models to demonstrate.

Teams & Topics

- Team A : Project - MRI
- Team B : Digital Radiography
- Team C : Mammography
- Team D : Project – CT
- Team E : Thermoluminescence Dosimetry
- Team F : Radiation Safety

There were totally 30 poster presentations & 30 Pencil art charts by the students, three instrumentation model, TLD, Lead apron, cassettes, cone and 26 exposed films were placed for visualization, students actively demonstrated their chart work and demonstration models to all the faculties and students.

On November 8, Dean OT, Vice Principal felicitated the world radiography day function on Lecture Hall 6, medical college block, were all the students of AHS assembled, Ms. Sushmitha delivered the welcome address and invited Dr.Suresh, Dean OT, Dr. A. Sundhararajan Vice Principal AHS SRMIST and

students, her overall speech delivery was about the advantages as a student, in celebrating world radiography day.

Dr. A. Sundhararajan spoke about the active participation of the students for the past week in preparing their project models for World Radiography Day, his speech encouraged all the students of AHS to participate in all the competitions conducted by every department of AHS , he also mentioned that MIT department was the first department to conduct an event in AHS.

Dr. Suresh, Dean OT delivered his speech about the need for the students to gain knowledge by making use of the program and improve themselves in the future events, and he encouraged the students to conduct and participate in the various scientific events, he congratulated the department of MIT for conducting the event consecutively for the second time in the AHS he congratulated the overall effort of the department and program organizers for conducting the program in very short span time.

The short film about the awareness of radiation safety was taken by the students of MIT, and displayed their video to all the faculties and students assembled at the lecture hall. The Onstage event of Pixel Connexion was conducted to students of MIT, the students participated in six teams and top three positions was selected.

The prize distribution ceremony was held at the end of the event where top 3 positions of pencil Art, Poster presentation and pixel connexion was awarded with the certificate and shield by the Dean OT and vice principal.

Mr. Ramesh Krishnan, faculty MIT department delivered the vote of thanks, he thanked the presider, felicitators, faculty members, students and all other supporting staff, he thanked the vice principal, pillar of AHS who has given the liberty to conduct the world radiography day with all the support to faculty and student for whatever their wish to conduct the event consecutively for the second time.

The event was visited by around 430 Students of Allied Health Science students. All the teaching and non-teaching staffs in MHS visited the program, everyone came to know about the purposes of conducting world radiography day program and awareness have been given to all about evolution of technology in the radiology department.
